# Long Term Plan - Challenges faced by the NHS

Aging population  
with multiple  
comorbidities

Fragmentation of  
care

Cost of care  
delivery

COVID-19 impact  
and fallout

Rising Health  
inequalities

## How can Dignio help?

- ✓ Deployed at scale since 2013
- ✓ Designed for integrated care systems
- ✓ One solution for multiple levels of care
- ✓ Manage multiple long term conditions within one app
- ✓ Reduce costs, hospital admissions, face to face contact and duration of hospital stays
- ✓ Create resource efficient care pathways
- ✓ Sustainability
